

“The best designed ink jet bottle in the industry.”

Don Leggett, C.I.M.,
Senior Buyer
The Quaker Oats Company

Customers like The Quaker Oats Company trust the quality and dependability of Graphic Controls ink jet fluids. Our ink bottles are specially designed to eliminate the hassles of leaking and unknown ink levels. We guarantee that our ink will perform as well or better than OEM products. That means you get the quality and value that you expect.

Trusted Partner

“The structure of Graphic Controls gave me the confidence that they could handle all the requirements of The Quaker Oats Company. They showed interest in learning about our company and they have been very responsive to all of our needs.”

Superior Bottle Design

“Graphic Controls has the best designed bottle in the industry. The ink level is easy to see, and the quality of the bottle itself is the best. There is absolutely no leaking around the cap.”

Print Head Cleaning

“The quality of the print head cleaning service experience is good and the turnaround has been an improvement over our past experiences.”
